

Whisper Cable Blowing Machine

The Whisper Cable Blowing Machine has been designed to provide a compact and portable cable installation system.

Easy component changes allow for the installation of different cable sizes into pre-installed microducts. Cable drive comes from most types of cordless drill (not included) and an electronic display provides readouts of cable installation speed and distance.

- Installs cable diameters of 2-8.5mm
- Accommodates microduct sizes of 5-18mm
- Uses most variable speed drills as a power source
- Lightweight, durable construction with precision machined parts
- Single person operation
- Digital cable speed and length monitoring
- Integral air valve and pressure gauge
- Low maintenance
- Ideal for smaller installation jobs
- Travel bag included
- Toolkit
