

Microfocus RST Riser Slitting Tool

Features

- > Lightweight and narrow body can access closely spaced and surface mounted cables
- > High carbon steel blade slices through any type of FttH cable
- > Factory-fixed blade requires no adjustments when working with different diameter cables
- > Easily replaceable blades can be purchased separately ([RST-RB25](#) replacement blades, pack of 25)
- > Perfect for mid span or end cable slitting and ringing

Designed to shave a longitudinal access window in round FttH riser cables and microducts, this riser slitting tool is perfect for making access windows on cables 8 to 14 mm in diameter without damaging the fiber inside.

Specifications
