## CABLE PROTECTION IN OPENINGS

Edging strips and brush panels help to protect cables on entry and can limit dust penetration into the rack. In all cases they are installed into the cable inlet openings.

### DESCRIPTION:

- Installed in cable entry openings (300x100mm)
- Mounting holes for wall installation on the back

Code	Description
DP-KP-LEM	Rubber piece on edges of cable entries (length 790mm) for free-standing racks
