Multiflat toilet paper dispenser

Popular in small washrooms, the Modular Multiflat toilet paper dispenser benefits from a sturdy & compact design. Installed together with a mini Modular soap dispenser acting as a toilet sanitiser, the Multiflat toilet paper dispenser neatly completes your product offer while promoting high-standards of hygiene in the washroom.

By default, the Modular Multiflat toilet paper dispenser comes with a blue window. However, a set of coloured windows and branding options enable full product customisation to match a company's brand. These features are available for the entire Modular range.
