Technical information

Appearance:	White powder
Smell:	Unperfumed
Water solubility:	High
pH (10%):	ca 10.5
Relative density:	ca 0.4 g/ml

Usage instructions

For cleaning floors, walls, work surfaces and equipment - Dose 1 scoop (85g) in 10L water. Clean surfaces with cloth or immerse utensils in the cleaning solution. Rinse for **cleaning fat fryers** - Switch off equipment, cool down to room temperature and empty oil. Fill fryer up to 2/3 with hot water - dose half a scoop (42.5 g) in the fryer. Heat to 80°C for 30-60 minutes. Do not allow to boil over. Empty and rinse carefully with water.

For washing up pots, pans, tableware, kitchen utensils and hoods - Dose 1.5 scoop (127.5g) in 50L sink, filled with hand hot water. Wash items. Rinse well.

Usage aids:

Manual dosing scoop, tub in Polypropylene.

CHIP/Classification + First Aid measures

Product is not classified as hazardous.

Eye contact: In case of contact with eyes, rinse thoroughly with plenty of water for several minutes. If symptoms persist, seek medical advice.

Skin contact: Rinse affected area thoroughly with water. If needed apply cold compress to relieve irritation. If symptoms persist, seek medical advice.

Ingestion: In case of ingestion, drink water to dilute product. Do not induce vomiting. Act immediately to prevent further irritation. If symptoms persist, seek medical advice.

Inhalation: Go into open air and ventilate suspected area. If irritation is experienced, mouth and throat should be rinsed with water. Particles adhering to the nasal cavity may be rinsed/diluted with saline/plain water. If irritation or asthma-like symptoms persist, seek medical advice.

Safety data sheet available for the professional user on request.
